'Scare Campaign' Launched By Communists In Berlin

By RICHARD KASISCHKE

Berlin, Dec. 3 (AP)—Communists launched a last-minute scare campaign today to try to keep Berliners from voting Sunday.

Their newspapers asserted, without foundation, that the U.S. might withdraw from Berlin by spring and that Washington might recall Gen. Lucius D. Clay, the U.S. military governor.

The Russians recognized a Communist rump government "as the only legal" regime for Berlin and pledged it support. The regime was formed this week at a Red mass meeting. The Communists, assured a trouncing in the western sector city elections Sunday, are trying to get Germans to boycott the voting.

The U.S. removed without trouble its equipment from the closed liaison office at the city hall in the Russian sector. Communist police insisted only on checking items taken away. The British had to argue four hours last night before the Communists let them move.

Russian recognition of the Communist regime they abetted surprised no one.

These steps in the Russian bid for complete control of Berlin were announced by the Soviet-sponsored ADN news agency last night.

The announcements had been expected since hand-picked delegates approved a Communist slate of city officers unanimously at a convention in the Soviet sector Tuesday and proclaimed it the successor of the legally elected (1946) city administration now seated in Soviet-blockaded western Berlin.

Star Of Bethlehem Shines On Christmas City Of U.S.A.

Bethlehem, Pa., Dec. 3 (AP)—The star of Bethlehem shines down again today on this "Christmas City of the U. S. A."

The 90-foot star was turned on last night. From its position high above south mountain it is visible for 25 miles.

And with the star, the lights went on again in Bethlehem.

And what lights!

There were seven miles of illumination throughout the main business and residential sections. There were more than 40,000 lights in the display.

A giant 60-foot Christmas tree, made up of many smaller trees and 1,200 lights shone brilliantly on the plaza of the hill-to-hill bridge connecting North and South Bethlehem.

Turning on the star of Bethlehem and the other displays is an annual ritual to this city of 60,000 which throughout 11 months of the year is one of the industrial centers of the nation.

The star is symbolic of the one that guided the wise men to Christ's manger in another town named Bethlehem 1948 years ago.

As a special tribute to the 75th anniversary of nursing, the honor of turning on the lights went to Jean and June Pfeiffe, twins and granddaughters of Mayor Robert Pfeiffe. Both are nurses at St. Luke's hospital.

Merchants, college students and the plain citizens of the predominantly Moravian city joined in the Christmas celebrations.

The Hotel Bethlehem turned out the lights in the word "Hotel" leaving to glow in six-foot letters the words "Bethlehem" as a welcome high above the city.

At Moravian college for women, lighted candles were placed in each dormitory window. And all lights in the neighborhood were turned out to help make the display more beautiful.

The merchants did their bit. They agreed to turn out their glaring advertising displays in the thickly populated business district.

They agreed also to darken the several score of billboards that regularly dot the hill-to-hill bridge. A leading merchant explained that the glowing billboards would detract from the Christmas display.

The lights and the star will remain on until January 2.

DEMOCRACY IS ANALYZED IN COLLEGE TALK

"Democracy properly means a particular way of governing and being governed," Dr. Robert M. MacIver, Lieber professor of political philosophy and sociology of the graduate school of Columbia university, declared in a lecture this morning to Gettysburg college students in Brin chapel.

"It does not mean that every man is as good as his neighbor. It does not mean that all men are equal. Men are unequal in many ways. But democracy gives equally to all men a number of very important rights and seeks to develop equal opportunity."

"It differs from other forms of government in that it pre-supposes that differences of opinion have the right to be spoken," Dr. MacIver said. "This makes the changing weight of opinion decide who shall govern, and in a certain sense, what the broad policies of government shall be. That is different from any other system of government in the world."

Three Demands

"In the American democracy, the law binds the actions of men, but not his opinions. Those who oppose the government do not lose any civil rights. Democracy is not simply a rule of the people, or a rule of the majority; the uniqueness of democracy rests on movements of public opinion. If opinion is free, then the whole culture of the country is free—so long as opinion is free, everything is free."

Dr. MacIver said that democracy never springs full form, but must grow. "It was not brought here by the Pilgrim fathers. Even at the time of the American Revolution there was relatively little trend to democracy. The demand for independence was not a demand for democracy. The Constitution laid the basis for it; the bill of rights endowed it with a soul. Democracy is never fulfilled, it is a growth demanding man's devotion."

The speaker listed three demands of democracy if it is to succeed and this country is to remain a leader of the world: The overcoming of discrimination, the establishment more fully of the opportunity for advancement and the need to be more fully conscious of the treasure of democracy.

Agents Seize Rich Narcotics' Supply

New York, Dec. 3 (AP)—A huge quantity of narcotics, which police said apparently was destined for sale in the Broadway theatrical and night club district, was seized last night.

Two men, Jack Gordon, 40, and Edward Eichler, 49, both New York salesmen, were arrested in Gordon's midtown furnished room, where the narcotics allegedly were found by detectives and federal agents. Gordon and Eichler were charged with illegal possession of narcotics.

Police estimated the "street sale" value of the narcotics, which included six and a fourth pounds of pure heroin and 5,800 morphine tablets, at more than three-quarters of a million dollars.

LOCAL GUARD IS SEEKING 57 MORE RECRUITS

Adams county's Troop A, 104th Mechanized Reconnaissance Squadron, has started a recruiting campaign which officials hope will bring the local National Guard outfit up to a strength of 120 men.

The local Guard unit filled its quota last year with 63 men and then had to halt enlistments along with other National Guard units when it reached the full quota of men authorized at that time. Now, Captain William G. Weaver, New Oxford, commanding officer of the unit, said the troop has been authorized to add 57 more men.

Draftees Eligible

An intensive drive to enlist men between the ages of 17 and 18½ is being carried out at the present time with the army open from 9 a. m. to 9 p. m. each day this week and next week to make it convenient for the younger men to visit there and find out what the Guard has to offer.

Men between 17 and 18½ years of age who enlist with the Guard can obtain their military training without having to enter the army. It was pointed out, during their three-year enlistment, provided they prove good Guardians, the men will not be eligible for the draft.

In addition to the 17-18 year olds the Guard is also open to all veterans. If the veteran is over 26 years of age the length of his service does not matter; if he is under 26 he must have served at least 90 days in the army to be eligible to join the Guard.

Open Non-Com School

New equipment—including several jeeps—is scheduled for the local Guard unit. Thursday evening the Guard began a school for non-commissioned officers with 16 members in attendance.

The non-com school is open to the present non-commissioned officers of the troop and to other members who give promise of being in line for appointments as non-commissioned officers in the future. The school is held on Thursday nights.

At present the troop—which meets every Tuesday night from 8 until 10 o'clock—is studying the use and care of the individual weapons of the soldier, such as the M-1 rifle.

Members of the troop are given a full day's pay, according to their rank, for each Tuesday night drill.

IO CHANGES IN CABINET NOW, TRUMAN STATES

Washington, Dec. 3 (AP)—President Truman is making no changes in his cabinet at this time.

That's what he said yesterday at a first White House news conference since the election. But he left the way open for some changes later by saying he reserves the right to shuffle the cabinet membership in his pleasure.

The news conference was a lively one. The President employed a fast range of pace, at times serious and sharp, but often drawing hearty laughter from the 225 newsmen—the largest crowd since his first conference as President in 1945, which 7 reporters attended.

To See Madame Chiang
His November 2 election triumph is a major topic. Mr. Truman said he is proud he won with neither 47 electoral votes of New York or the 38 which Southern Democrats gave to the states rights party. For those southern votes, the President dismissed moves to have them included in his electoral total. He doesn't want them, he said, adding that he is not angry with anyone.

Mr. Truman also set at rest speculation as to whether he will confer with Madame Chiang Kai-shek. The President said an appointment has been arranged, but he would not say when it is.

As for whether General Douglas MacArthur would be sent from Japan to China to help the beleaguered Chinese nationalists, Mr. Truman had a blunt answer: No—period.

Another Dewey Wrong
And he already had stated the administration's policy on China, he said, so he was having nothing to say on that again.

Then—drawing first a roar of laughter, then tense quiet—the President went on to cover a multitude of subjects. Chuckling, he took a couple of digs at his Republican opponent in the election, Gov. Thomas E. Dewey of New York.

The first came at the opening of the conference. Mr. Truman said Bradley Dewey, a civilian member of the Bikini atomic tests evaluation board, was mistaken in suggesting the White House had suppressed a report on the tests.

Then the President grinned and said the characteristic of being mistaken seemed to run with the name Dewey.

Thanks For Help

The President paid specific tribute for election help to farmers and labor, Vice President-elect Barkley, Secretary of Agriculture Brannan and Secretary of Labor Tobin. He said there was a whole list of others.

On the cabinet situation, Mr. Truman got a barrage of questions. There have been reports that a shake-up was brewing, possibly involving Secretary of State Marshall, Secretary of Defense Forrestal, Secretary of Commerce Sawyer and Secretary of the Interior Krug.

But Mr. Truman, after saying specifically that certain members he was asked about would stay on, brought them all under his no-change-at-this-time statement.

He recalled there was a lot of speculation about cabinet changes when he became President in 1945. He added that the situation adjusted itself then—he made a number of changes—and that it would again.

Going To "Get After" Insurance Companies

Washington, Dec. 3 (AP)—Rep. Celler (D-NY) plans to "get after" insurance companies which he calls a "menace to the economy of the nation."

He told reporters today he wants the House Judiciary committee to make a "full investigation" of insurance firms with the aim of "curbing their powers."

Celler is in line for the Judiciary committee chairmanship when the new Congress meets in January. His plans for getting after insurance companies, however, could be overruled by the committee.

He did not indicate what kind of curbs he has in mind. But he said some Federal controls are needed because "insurance companies are reaching out in so many directions they are constituting an actual menace to the economy of the nation." Celler said five of the largest insurance firms in the New York area have a yearly income of over \$5,000,000,000 and are the biggest owners of railroad securities. He said Metropolitan, one of the firms, is the largest owner of American farm lands.

Vaux said physicians have been asked to have tests for indications of diabetes made on all patients visiting their offices during national diabetes week, December 6-12.

RAISES OFFSET

Harrisburg, Dec. 3 (AP)—Increased grain prices received by Pennsylvania farmers last month were more than offset by substantial declines in hog and beef cattle prices, the state Agriculture Department said.

Will Try Three Priests In Prague

Prague, Czechoslovakia, Dec. 3 (AP)

Three Greek orthodox priests are to be tried here next week on charges of leading a fight to carve a great Ukrainian republic out of parts of Soviet Russia and her Communist neighbors.

Press and radio attacks upon both the Greek and Roman Catholic churches preluded the announcement of details last night. The priests are formally accused of anti-state activities.

(Ukrainian nationalist movements develop sporadically in eastern Europe. Guerrilla bands have troubled the Communists since the war, but none appears to have accomplished much.)

The three priests—Pavel Hluko, Rehor Buranik and Sebastian Sabol—are charged with being the actual leaders of anti-Communist Ukrainians fighting to establish a republic extending from the Kuban river in Russia to the Poprad river in eastern Czechoslovakia.

ASK GAME REPORTS

Harrisburg, Dec. 3 (AP)—Bear hunters were urged today file their delinquent kill reports with the State Game commission immediately. "Only about two-thirds of the successful bear hunters have reported their kills to date," the commission said. The six-day bear season ended November 20. At the same time, the commission reminded deer hunters that their kill reports must be filed by December 16.

BIGGEST FARM SHOW INDICATED FOR NEXT YEAR

Harrisburg, Dec. 3 (AP)—The outlook for the 1949 Pennsylvania Farm show pointed today to the finest exposition in the 32-year history of the agrarian classic.

Latest evidence to underscore the forecast is the announcement that more than 1,500 head of livestock will be exhibited at the January 10-14 show.

"Every department of the livestock show will have more animals than ever before," said Miles Horst, Farm Show Commission chairman and State Agriculture Secretary.

Much Space Sold

The more than 300,000 square feet of space on the main exhibition floor already has been sold for commercial displays, more than two months prior to the show's opening.

Meanwhile, Horst forecast competitive farm products exhibits, ranging from horses to edible nuts, will total nearly 10,000, largest since the postwar renewal of the exposition in 1947.

The farm show commission already has approved a premium and prize award list of \$49,536 for the event. This is nearly \$5,000 more than was offered last January and is the greatest ever.

Expect Half Million

More than a half million visitors are expected to be attracted through the portals of the largest building of its kind in the world. The \$3,000,000 structure has a floor space of 13 acres and is designed to handle without difficulty more than 100,000 visitors daily.

Besides the main exhibition floors, the vastness of the edifice easily accommodates two livestock arenas—one seats 7,600 and the other 1,800. There are meeting rooms for 35 statewide farm organizations and cafeteria which serves 10,000 meals a day.

Just this year, an adjacent 30-acre parking lot was paved to end muddy conditions. It is designed to handle 14,000 automobiles.

The show is free to the public. The cost is borne principally by exhibitors, entry fees.

Madame Chiang Makes Progress

Washington, Dec. 3 (AP)—Madame Chiang Kai-shek was making progress today in her campaign to carry to top American officials her urgent appeal for aid against Chinese Communists.

The first lady of China saw Secretary of State Marshall for about an hour late yesterday. At about the same time President Truman announced that he will receive her on a date to be disclosed later.

Mme. Chiang's meeting with Marshall, at whose Leesburg, Va., home she is staying, occurred at Walter Reed hospital, where the secretary is undergoing a physical examination.

Before the visit had been disclosed, State Department officials said the two probably would meet in a day or so. This was taken as an indication that the first session, at which Mrs. Marshall was present, was largely social, and that another meeting with Marshall would be held late.

France Still Fears German Aggression

Paris, Dec. 3 (AP)—France has declared once again she does not want Germany to become too strong.

The National Assembly voted last night against permitting Germany ever to regain full control of the industrial Ruhr which provided 70 per cent of Hitler's armaments.

The assembly vote was inspired by a recent British-American decision to return to the Germans temporary management of the coal and steel industries in the Ruhr.

The assembly said it was worried by a recent British-American statement that a future German government would be allowed to determine the fate of the Ruhr. The assembly voted 377 to 181 in urging the French government to tell the United States and Britain that the French people "unanimously" repudiate any such step. The Communists opposed the motion, but only because they always oppose the government.

Cecil Rhodes, British colonial statesman, provided in his will for three-year Oxford scholarships for about 200 students. Of these 32 scholars are elected from the United States; five annual scholarships allotted to Germany were annulled in 1916.

Prisoner Escapes At Carlisle Today

Carlisle, Pa., Dec. 3 (AP)—A prisoner escaped today from the Cumberland county jail, wearing clothing borrowed from other prisoners.

Harry Seiders, turnkey at the jail, identified the prisoner as Arthur P. Walsh, 38, Baltimore, and said he was serving a term of 11 to 23 months on charge of theft of an automobile.

The prisoner, a trusty at the jail, was burning paper in the prison yard at the time, aided by another prisoner, Seiders said the prison gate was opened for delivery of coal and that the prisoner slipped unnoticed through the open gate.

Other prisoners reported that Walsh borrowed three pieces of clothing from them before he went to the prison yard.

Would Bar Negroes From Fraternities

New York, Dec. 3 (AP)—A movement to bar negroes and "adherents of all semitic creeds" is underway in Phi Kappa Psi fraternity which recently suspended its Amherst chapter for admitting a negro member, a Columbia university student has disclosed.

David G. McConnell, former president of the fraternity's Columbia chapter, said yesterday he had received a copy of a resolution adopted by the Johnstown, Pa., alumni association condemning the action of the Amherst chapter.

The resolution, McConnell said, also urged that "the adherents of all semitic creeds" and "all religions which do not respect the oath of secrecy" be banned from membership.

A covering letter, McConnell said, asked for a canvass of the fraternity's chapters on the proposed restrictions. The letter McConnell said, was signed by Frederick Smith of Johnstown. McConnell recently resigned from the fraternity.

Poultry Pointers

By FREDERICK BLOCK

Each time when the outlook is good there are many in and-out-ers back in the chicken business to make some money. Feed costs are down and the demand for eggs and poultry is excellent. Prices also seem to be holding up. When any type of crop is especially profitable, many people plant that same crop with the idea of making good profits. With particular good outlook for poultry (layers, broilers, or turkeys) it will mean the strongest demand in years for chicks and poults. The established poultry farmer who wants to get his chicks from the same source as last year ought to put his order in early. If you want to switch to a new source, decide soon who will obtain your order.

SCHOOL LOOP HOLDS WINTER SESSION HERE

Chambersburg high school, 1948 football champion, was presented the Southern Pennsylvania football trophy Thursday night at a meeting of administrators, coaches and faculty managers of the South Penn conference schools at Hotel Gettysburg.

Rules and regulations governing the annual track and field meet of the Southern Pennsylvania conference were adopted. Standard admission prices for all future track and field meets was fixed at 50 cents, tax included, per adult, and 30 cents, tax included, per student.

Other features of the track rules and regulations limit the number of events for each contestant to three; set up an entry fee of 25 cents per entry; set \$30 as the maximum price for the trophy; suggest that the meet be held at Carlisle in

1949 and Hanover in 1950.

While talking about a revision of football schedules, a Shippensburg high school official revealed that a Memorial committee in Shippensburg this week purchased 36 acres of land at the west end of Shippensburg in a move to having facilities on a par with other conference schools. This means that night football in Shippensburg is only a few years away from reality.

The report of the treasurer, M. MacClay Kelly, Mechanicsburg, showed a balance of \$72.15. Mark Burkhardt, Carlisle, was appointed chairman of a committee on football schedule revision of home and away games, to better balance the schedule. The committee is composed of the principal of each high school.

Edouard Grenier, president of the recently formed Southern Pennsylvania Sportswriters' association, asked the coaches and principals for any help they can give.

The group decided that all conference schools should start their junior varsity basketball games at 6:45 p. m. instead of the usual 7:00 p. m. This will enable the varsity games to start at 8:00 p. m.

The conference basketball sched-

ule was approved for 1950. Gettysburg's conference schedule for that year follows: January 3, Shippensburg, away; 6, Carlisle, home; 10, Hershey, away; 13, Waynesboro, home; 17, Mechanicsburg, away; 20, Hanover, home; 24, Chambersburg, away; 31, Shippensburg, home; February 3, Carlisle, away; 7, Hershey, home; 10, Waynesboro, away; 14, Mechanicsburg, home; 17, Hanover, away; and 21, Chambersburg, home.

There were 38 present at the meeting over which Guile W. Lefever, president. Those present from Gettysburg besides Lefever included: Lloyd C. Keefe, George Forney, Howard Shoemaker, Fred Hachlen and Fred Troxell.

There were 73 million life insurance policy holders in the United States at the end of 1946.

TELLS NAM P.O. DEPT. IS CHIEF HOOVER TARGET

New York, Dec. 3 (AP)—Rep. Clarence J. Brown (R-Ohio) hinted on Thurs. the Post Office Department is one of the chief targets of the bipartisan commission now studying government reorganization.

Brown, a member of the 12-man commission on organization of the executive branch of the government, told the 53rd annual Congress of American Industry sponsored by the National Association of Manufacturers:

"Without divulging too much information as to what the commission will recommend, let me suggest that you keep your eyes open for some interesting developments in our greatest federal service agency—the Post Office Department."

Sawyer To Speak
NAM estimated that nearly 3,000 of the nation's top industrialists and businessmen are attending the three-day session, which ends tomorrow night with a speech by Secretary of Commerce Sawyer. Sawyer hinted in Washington Tuesday he might disclose some details of the anti-inflation program President Truman will give to Congress in January. Former President Herbert Hoover heads the government organization

commission that was set up by Congress.

In addition to naming the Post Office Department, Brown mentioned specifically federal corporations, government lending agencies, govern-

ment statistical agencies and federal participation in educational matters.

He said the federal government has 19 different departments and agencies dealing with higher education alone; 35 different statistical

agencies and departments; 48 different lending agencies and 50 activities carried on under corporate form.

Banker's Warning

The corporate structures, he said, "should be put on a sound accounting basis and made self-financing and self-liquidating at the earliest possible moment."

At the same session, Joseph Morrell Dodge of Detroit, former president of the American Bankers' Association, warned that government controls over economy are threatening the present level of employment and production.

"During a time when the need for

resources for investment to expand production has been greatest," Dodge said, "government has been using far too large a part of the total resources of the community for too long a time for its own purposes, and proposes to use even more."

The South American rhea frequently joins deer or guanacos to form mixed herds. The ostrich, a

larger member of the same family, sometimes forms mixed herds with zebras and antelopes.

TENTH HUNTER OF WEEK DIES OF GUNSHOT

(By The Associated Press)
A 34-year-old Osceola Mills man was shot to death yesterday in the fourth day of Pennsylvania's two-week deer season. Another man died of a heart attack while deer hunting. The deaths brought to 10 the number of hunting fatalities in the state this week. Six men died from rifle fire, four of heart attacks, another three hunters were shot to death in last month's small game season.
James A. Guthrie of Osceola Mills, Clearfield county, died of a gunshot wound in the back last night, 12 hours after he was admitted to Phillipsburg State hospital. He was shot accidentally by a companion at the Blue Jay camp at Banner Run near the Black Moshannon state forest.
Seek Missing Nimrod
Denny R. Mealy, 64, of Claysville, Washington county, died of a heart attack while hunting in Clearfield county. He had worked for Gulf Oil Corp. at its Neville Island plant near Pittsburgh for 24 years.
More than 500 National Guardsmen, state policemen, county officers and hunters from St. Marys, Du Bois and Clearfield sought Ray H. Richards, 76-year-old Brookville business man, missing since Monday somewhere in the Clearfield-Elk county section. This is known as one of the roughest hunting areas in the east. It is especially rocky and mountainous.
Three private planes aided in the search and a pair of bloodhounds were used in an effort to find the missing man. He was believed to be

Two Hunters Hurt

Richards founded the Orchard club hunting lodge near Medix Run 35 years ago. Friends said he hadn't missed a hunting season in many years.
Meanwhile, another hunter, lost since Monday, was reported safe yesterday. He is John Hatki, 69, of Monessen, Westmoreland county, who also was lost in the Clearfield-Elk county section. His safe arrival was reported by state police at Du Bois. They said they had not received a detailed account of his adventure.
Two hunters were under treatment at Phillipsburg State hospital. Johnny Murnyack, 41, of Buffalo, N. J., suffered broken ribs and head injuries in a fall from a tree while hunting in the Snowshoe area. James Stone, 21, of near Phillipsburg, was hit in the leg by a stray bullet.

39 Seeking Berths On Freshman Five

A squad of 39 candidates for the Gettysburg college freshman basketball team reported this week to Coach Johnny Yovicic.
Included among the candidates are Kenny Fair and Donald Sterner, former Gettysburg high cagers, and Charles Hikes, East Berlin.
The Bulletin fresh will play 14 games this year, the first on January 8 when Hershey Junior college will come here.

PSEA WILL ASK STATE TO BOOST TEACHERS' PAY

Harrisburg, Dec. 3 (AP)—A program of increased teacher salaries financed by a special statewide tax was urged today by a committee of the Pennsylvania State Education association.
The association's committee on legislation recommended the PSEA "support tax legislation, statewide in application, proposed by the general assembly, to support the program."
The committee also recommended that the wage boost be in the form of a new mandated schedule and not "in the form of a bonus or cost-of-living increase." The committee's report will be presented to the PSEA convention December 27-28.
Other Demands
As in 1947 a minimum salary of

\$2,400 and a maximum of \$4,000 for teachers with non-college certificates is asked. The 1947 legislature raised the minimum from \$1,400 to the present \$1,950 a cost of an additional \$48,000,000 in the current two years.
"Salary increases have not kept pace with the cost of living and educational workers as a group have lagged behind other employed groups in the relative amount of salaries received," the report emphasized.
Other committee recommendations included: A \$200 escalator clause for each five years of teaching experience.
Increase of the minimum state grant of local districts from \$700 to \$1,800 and of the maximum subsidy from \$2,200 to \$4,500; Elimination of the present definition of who constitutes a school principal and substitution of a provision designating a principal as teacher who spends 50

Body Of Deckhand Is Found In Bay

Baltimore, Dec. 3 (AP)—Police reported today a fisherman found the body of Joseph R. Pickett, 44, of Pittsburgh, off the breakwater at Fort Howard Veterans hospital last Saturday. Pickett was identified by a social security card in his pocket.
per cent or more of his time on administrative responsibilities, and protection of tenure, seniority and sick leave rights of teachers in districts which unite or merge to form larger districts.
The American people eat half a billion meals daily.

Officers said Pickett had shipped on the tug Frank Furst as a deckhand when it left Baltimore pier at 1 a. m. Nov. 8, to rendezvous with a dredge in the Chesapeake bay.
When the tug reached the dredge, police said, the crew noticed Pickett was missing. A search of the tug disclosed nothing.
Samuel M. Plautner was on his way to this fishing spot off the hospital grounds, on the outskirts of the city, when he found the body. He notified police.

PLCB Staff Men Talk Enforcement

Harrisburg, Dec. 3 (AP)—More uniformity in the state-wide enforcement of liquor laws is expected to result from conferences here between State Liquor Control board and its deputies and examiners, said Chairman Frederick T. Gelder.
"We swapped ideas and had a general discussion of enforcement," Gelder said at the close of the two-day session Wednesday. "Any changes that may result are likely to become apparent in the future."
Gelder said the conferences were "very informative" in the exchanges of ideas and opinions between board members and the men in the field.

NAB WOMAN IN HOLDUP PROBE

New York, Dec. 3 (AP)—Mrs. Virginia Gresham, 30, of 1749 Grand Concourse, the Bronx, was arrested last night and charged with being a fugitive from justice in connection with a \$20,000 hold-up last month in Altoona, Pa.

Detectives James Sullivan and John McCaffrey arrested Mrs. Gresham following receipt of an information from Pennsylvania state police. The information stated she had acted in concert with two men in the holdup last Nov. 10 of Daniel Lamont, race horse owner, at Altoona.

Pennsylvania state police said Mrs. Gresham's car was used by the late John Longden, 30, of Manhattan, and Frank Ciralo, 27, of Brooklyn, in the robbery.

Longden's body was found near Harrisburg, Pa., shortly after the holdup, with five bullets in it. Ciralo was arrested here last Friday on a fugitive complaint charging homicide and armed robbery in the Pennsylvania case.

Police said the killing occurred after one of the two men involved

16 Killed In Berlin Railroad Collision

Berlin, Dec. 3 (AP)—A passenger train crashed into a suburban local in the Soviet occupation zone west of Berlin today, killing 16 Germans and injuring 15 others.

Seven of the injured were in serious condition, German railway headquarters said.

The local was standing in Falkensee station when the passenger train, running through a signal, plowed into it. Four cars were derailed, two of them smashed to splinters. Railway authorities said fog and poor lighting may have caused the accident.

SIX CHILDREN DIE IN FLAMES

Oshkosh, Wis., Dec. 3 (AP)—Six small children died in a fire which destroyed their home last night.

The fire struck the home of Mr. and Mrs. Arnold Carpenter shortly before midnight. Police said Carpenter told them an oil heater ignited the kitchen and he was prevented by flames from reaching the bedroom where the children were sleeping. Mrs. Carpenter was away at the time on her night job at a mail order firm.

The dead were Rose Mary, 7; Charlotte, 4; Kenneth, 3; Barbara, 2, and Sandra, 4 months. They were burned and suffocated, police said.

Carpenter was treated by a physician for burns on hands and face and Mrs. Carpenter was taken to a hospital with shock after she was informed of the tragedy.

The only entrance to the wooden frame house was through the front door, police said, since the outside door leading to the bedroom was locked for the winter.

In the Lamont holdup had quarreled with Longden for allegedly "holding out" on division of part of the proceeds. Ciralo received a hearing last Friday in felony court and refused to waive extradition. He was held without bail by Magistrate Morris Rothenberg for a hearing Dec. 10.

The job of providing Americans with their current diets requires the facilities of more than 50,000 food processors.

SAVE AT THE FIRST NATIONAL

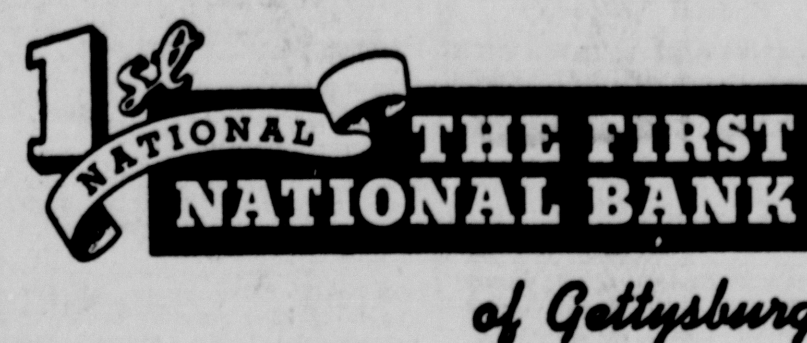

Without Saving There Is No Use Slaving

Have Something to Show for Your Work in a First National Savings Account

For thrifless individuals, a year goes by and money disappears, for the earning of which they gave up pieces of their lives.

But it is a different story for the men and women who come regularly to Center Square. They are storing away part of their life earnings for the comforts and security of tomorrow.

It is wise to save and it is wise to save at the First National Bank of Gettysburg, where saving has been encouraged for 92 years.

Capture Of Suchow By Chinese Reds Confirmed Today By Government Sources

EVACUATION OF BIG NATIONALIST BASE COMPLETE

By SEYMOUR TOPPING
Nanking, Dec. 3 (AP) — Chinese Communist capture of Suchow was confirmed today by government military sources.

They said evacuation of the big nationalist base 211 miles northwest of Nanking was completed at noon Wednesday. The Red radio announced capture of the city at 10 p. m., local time, last night.

Three government army groups totalling 250,000 men pulled out of Suchow in an effort to relieve the trapped 12th army group of the south, in the Suhsien sector.

Supplies Destroyed
Foreign military observers, however, estimated the effective combat strength of the Suchow garrison at 110,000 men—in the 16th, second and 13th army groups. The forward elements were stalled by Red columns 25 miles south of Suchow. The 13th army group was holding rear guard positions.

Military sources reported the Communists entered Suchow only to find huge supply depots destroyed. Ammunition and gasoline dumps were blown up. Air observers said smoke pillars reached 8,000 feet above Suchow.

Those sources said the Suchow army groups would have to fight through a 30-mile belt to make contact with the troops trapped at Suhsien about 60 miles to reach the sixth and eighth nationalist army groups which have formed a defense line on the Hwai river, 100 miles northwest of Nanking.

To Make Fighting Retreat
Meanwhile, seven Red columns totalling about 100,000 men eased their assault on the Hwai river line. They were reported to have moved north (evidently to help stop the Suchow garrison) and to have left only a small holding force opposite the Hwai river armies.

Government quarters reported that the 20th army of about 35,000 men had been ordered from the Paichungshi Central China command to bolster the Nanking garrison. Except for the forces in the Suchow-Hwai river area, the gov-

ernment had only 40,000 troops to defend Nanking and Shanghai.

Earlier today, the government indicated it would make a fighting retreat to mountainous South China if the Reds overrun this area.

Nanking Peril Mounts
A foreign office official hinted as much even as the foreign office itself was assuring the diplomatic corps that the government "has no intention to remove the capital somewhere else."

This official pictured President Chiang Kai-shek and his top generals and military advisers as committed to staying in Nanking to the last possible moment.

How far in the future that might be is hard to say. But if the Communists crack the New Hwai river battle line 100 miles to the north, the capital's defense north of the Yangtze would be stripped.

The official said if forced from Nanking, the Generalissimo and his generals would fall back to a point from which they best could direct a retreat. Mentioned as a likely starter is Manchang, 300 miles southwest of Nanking.

George I, king of England for three years, could neither speak nor write the English language.

'FATHER DIVINE' IN NEW 'HEAVEN'

Philadelphia, Dec. 3 (AP)—The 270-room Lorraine hotel has been purchased by followers of Father Divine for "use of the followers and the general public."

Sale of the 50-year-old 10-story structure, was confirmed Wednesday by one of Father Divine's secretaries who said "Reverend Divine has nothing to do with the purchase himself, although he knows about it."

The secretary added, "The sale was made to a group of members from the various churches and the followers of Reverend Divine. They bought the building for private ownership and for the use of the followers and the general public."

Joseph W. Widing, a real estate broker who handled the sale, said

the religious group bought the place for \$485,000.

Father Divine, his white wife and approximately 24 of his disciples moved into the hotel last night and Father Divine promptly announced "the hotel will be open for everyone."

room while his wife sat dead in a chair in their front room.

Police pieced this account from neighbors and the aged man: Jackson Durlin noticed Monday that he had not heard his wife moving about in their home. He called but got no answer. He tried to go to her but fell under the bed. That's where neighbors found him Wednesday.

They found the wife, Mrs. Adelaide Durlin, 75, dead in the chair, apparently of a heart attack. Durlin suffered from shock and malnutrition.

Mrs. Durlin's son by a former marriage is Capt. Paul Cronk, skipper of the Coast Guard Cutter Bibb who a year ago directed rescue of 69 persons in the Atlantic from the downed flying boat, Ber-

about six miles at sea, and another was rescued by a small ship after a 20th Air Force B-29 dropped a life raft. Hours later, a ship found the third bobbing in the rough seas. He was wearing a "Mae West" life jacket and was exhausted.

Names of the fliers were not given. They are based at Guam's Orote field.

Hymn Sing Held In Methodist Church

The fourth of the Spiritual Life Mission services in Centenary Methodist church was held on Thursday evening with a very good attendance. An old fashioned hymn sing was conducted by the pastor, The Rev. Kenneth V. Gombert, pastor of the West Pittston Methodist church, and a former Salvation Army officer was guest minister. His theme was, "Sowing or Storing" and was based on St. Luke 12:24.

The services continue tonight at 7:30 o'clock with the Rev. John Baxter Howes, professor of Rural Church Life, Westminster seminary, as the guest minister. A local quartet will furnish the special music.

VFW AUXILIARY TO HOLD XMAS PARTY DEC. 16

The December meeting of the Ladies Auxiliary to the Mason and Dixon Memorial Post No. 6954, VFW, was held Wednesday evening in the post home, West King street, in charge of the president, Louise Sentz. There was one application for membership, Miss Edna Wintode. She, together with Mrs. Martha Ann Marker and Miss Hazel Crabbs were initiated. Mrs. Grace Rose was also received into membership as a transfer from Gettysburg Post No. 15.

Sixty-five dollars was voted to the National Home Foundation, Elton Rapids, Mich. Miss Helen Wisotzkey, chairman of the Cancer Research fund, reported that the fund had conducted a very successful food sale.

A Christmas party will be held on Thursday, December 16 at 7:30 p. m., in the post home for the members and their children. A Christmas program will be presented with the children participating. Each member is to take a fifty-cent adult gift along and also a dollar gift for each child they take along. Committees for this party include: Decorating: Helen Jacobs, Helen Maitland, Mad-

eline Bloom, Helen Wisotzkey, Virginia Smith, Mary Wintode and Beulah Wintode; refreshments: Anna Blochers, Ollie Weaver, Mabel Newman, Louise Duttera, Mary Jane Snyder and Ruth Sentz.

Coin cards were distributed among the members. When filled, they are to be returned to Louise Duttera. A Christmas remembrance will be sent to a member of the post who is ill. The guess package presented by Helen Jacobs, was received by Mary Wintode. It was announced that the national president will visit Pennsylvania, March 21 to 29. When

the itinerary is announced, members of the local post plan to attend one of her nearest visitations. Elva Weaver presented the secretary's report and Malva Duttera, the treasurer's report.

Dues are now payable to the treasurer or to any one of the following delinquent committee: Evelyn Stavely, Jean Yealy and Elva Weaver. The next meeting will be held on Thursday, January 6.

The weekly rehearsal of the Littlestown Community band will be held Monday at 8:30 p. m. in the Littlestown fire hall.

DONATIONS ARE VOTED BY LIONS

Harry T. Harner, president, was in charge of the semi-monthly meeting of the Littlestown Lions club, Thursday evening at Bankert's restaurant, with 36 members of the club in attendance. The club voted a contribution of \$5 to the Adams

County Free Library. They also voted to pay \$6.10 expense for bus tickets and food for the Herbert A. Viudworth family, Galveston, Texas, who were stranded in Littlestown on their way to Baltimore several weeks ago.

Clayton L. Evans reported on the Christmas party which the club will hold for the children of the members at the next meeting on December 16, when family night will be held in connection with the meeting. All members will receive cards from the committee, which are to be returned promptly, stating how many children will be in attendance, so that the committee can make the necessary preparations.

The Civic Improvement committee was in charge of the evening's program. Rev. Charles Held, Gettysburg Lions club, who is zone chairman, was present and spoke briefly. The guest speaker of the evening was the Rev. Frank E. Reynolds, pastor of Redeemer's Reformed church. His subject was, "My Business." He said, "We should be proud of the work the church does. All business men are proud of their business and the church has a lot to be proud of, too."

Chester S. Byers and Edgar Wolfe, members of the local Lions club, served as judges on Thursday evening at the Lions Amateur show, Taneytown.
